

SULTRASOFT DEO P

Highly concentrated hygienic cleaning enhancer with a strong antistatic effect for use in perchloroethylene

Application

SULTRASOFT DEO P is a premium cleaning enhancer with a strong antistatic effect, specially developed for closed circuit perchloroethylene machines. It contains fragrance and special additives for hygienic fresh finish

Properties

SULTRASOFT DEO P ensures hygienic cleaning. Static charge and pill forming are avoided for all types of work.

The cleaned goods are left with a soft texture, that assists with finishing.

Special ingredients prevent greying and ensure bright cleaning results on white and light coloured textiles.

Use instructions

Optimal action of Sultrasoft DEO P is obtained with a 2-bath method, in which the first wash bath is continuously distilled.

The addition of Sultrasoft DEO P is 1.5 to 2.0 ml per litre of solvent (bath and filter content)

SULTRASOFT DEO is not suitable for prespotting. For Prespotting use SULTREX P to give best results.

Physico-chemical properties

Appearance: Clear amber liquid.

Flash point > 100 °C

pH-value (1%): 7/8

Solubility: Soluble in Perchloroethylene

Composition & Safety

Cationic surfactants 15%

Non-Ionic surfactants 30%

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Storage

Use above 5°C. Store above 0°C

Packaging

Canister 21kg
